Temperament not assessed in
Paddock

These heifers were good to handle in the yards but did need a little bit of steadying through gateways. A small percentage became agitated in the crush while being mouthed but settled as soon as they were back with the mob.

Assessor Comments

A good quality line of Droughtmaster & Droughtmaster cross heifers that are on the improve since the rain. They would be suitable for replacement breeders or to grow out for the trade feeder market. Please note 2 heifers had slight rub marks from buffalo fly & they were all treated with Swat at assessment.
