Assessor Comments

VENDOR COMMENT - A HIGH QUALITY LINE OF PURE ANGUS HEIFERS Sired by AI and NB Genetics Bulls. Our program is stemmed by multi trait excellence of Calving Ease, Fast Growth, Carcass Quality and the maternal aspects of form and function. These heifers have just been through our extensive weaning and education program showing exceptional temperament and easiness to handle, to now grow out as an exceptional line of breeding females backed by a history of selection pressure on the cows they are out of. Agent Comment - An opportunity not to be overlooked for the distinguished cattleman looking to put a line of high performing genetics into your Herd. Heifers displayed exceptional temperament. Please note, 1 Heifer has blight scarring in one eye, all deemed not detrimental.
