	Heifers worked through the yards well given that they were only weaned off mothers & trucked the day before with signs of being unsettled in new environment. Generally these cattle have great temperament & settle well post weaning.		
Handled With	Bikes , On foot , Vehicles		
Assessor Comments	59 vendor bred Angus hfrs. This is a complete drop of hfrs with vendor not retaining any replacements. These hfrs are bred out of a self replacing breeder herd & would suit to carry on as future breeders. They show plenty of softness, bone & growth for age to breed on with or to aim towards grass or feedlot finishing programs. Please note 7 hfrs showed slight pink eye scarring, not detrimental to sight.
