Assessor Comments	A nice line of unweaned Angus Sired heifers, all AI calves from the high quality sire in Hazeldean Q1580. These Heifers present in line with seasonal conditions with a dry summer behind them these calves will bounce away if shown some crop. They are bred to perform on crop or in the feed yard. Would be well suited as replacements if somebody was looking to add to their herd these heifers would be ideal, alternatively they would suit a range of feedlot entry weights or to take through to MSA/Grass processing job. Odd Heifer noted with old pink eye scarring not detrimental to sight. Please note vendor has another line 3 lines of cattle in this sale.
