Assessor Comments

Excellent line of NSM Angus heifers. This is a great opportunity that doesn't normally come up to secure some top Angus heifers off EUROBIN. Vendors normally retain these heifers but due to the continued dry season the heifers are up for sale. These heifers present in excellent condition for the feed they have had in front of them, great weight for age. These heifers are the tops of the drop from vendors autumn calving cows. A small tail was removed at assessment. These heifers come highly recommended by assessor as coming from one of the better commercial Angus herds in the Tumut region. Vendors select the high indexing bulls from Bongongo & Crawford studs. Heifers that have their breeding lives ahead of them and are ready to take on and join to bull of choice. Prospective buyers will not be disappointed. Any more questions please call myself. Please see vendors other two lines in the same sale.
