| Assessor Comments      | Good line of NSM Hereford heifers. These heifers were calves off cows vendors purchased as PTIC cows ex Deniliquin area. These heifers would suit to take on to join to bull off choice or to target any fattening markets. Vendors planned to take onto heavier weights but due to drying times heifers are on the market. These Iron Bark blood heifers are a nice style, presenting with a nice cheery red coat. Please see vendors other two lines in same sale. |                                           |                                     |
