Temperament not assessed in Paddock

The bulk of the steers were generally easy to handle, they flowed through the yards easily when drafting and processing. They have been constantly fed and are used to tractors, bikes, cars etc. However there was 1 steer that did rush slightly in

| Assessor Comments      | A/C: Bruce Lynch offers a draft of lightweight Angus steers. Vendor bred, weaned and grass assured. Out of medium frame Angus cows by Rennylea Angus bulls. Spring 2024 drop calves that present in genuine store condition. Plenty of health treatments, steers with plenty of opportunity for compensatory weight gain.                                                                    |
