Stirry: 1 head

All led up the crush well, & were well behaved on the scales. Just a few that were a bit nervous. A few steers were a bit anxious after weighing, and took some time to settle in the holding paddock for photos, just wanting to trot to each corner, but all settled down after a few minutes.

Assessor Comments

The Glen pastoral have been producing Angus cattle for Stud & Commercial production for 25 years, mainly targeting the grass fattened markets with their commercial stock, focusing on 400/600DW, positive rib & rump & carcass quality. This is the first time offering steers of this age/weight for sale, only due to dry seasonal conditions. Usually value added on farm & grown out for feedlots/supermarkets where they are highly sort after, being in the Top 100 MSA graded Beef producers last financial year, and holding a 100% MSA compliance rate (Steers 63.5% & Heifers 62.5%). These bright, healthy young steers are all well weaned, 100% grass fed & ready to go forward on an Autumn crop. Buyers please Note. Vendor has another lot of the heavier steers in same sale, plus 2 lots of Heifers, & some PTIC young breeders in the Eastern States.
