Assessor Comments	Tom Groggin Stations offers 92 weaner steers. These weaner calves are noted doing cattle which are extremely quiet and very well handled. Well educated from a well respected and well known Upper Murray cow herd. With bulls from Alpine Angus and Hazeldean selected for growth, birth weight and EMA/IMF traits with docility also a key factor. These weaners are perfect articles to take forward in any grass fed or supplement feed program. Cold country cattle that present in true store to forward store condition with the odd calf starting to show signs of a winter coat. Weaners are yard weaned 14 days and perform very well in and around yards.
