Notable Traits	Traits
	5 Head Splash of white under belly
Assessor Comments	An extremely quiet line of Black heifers that present very fresh. spring drop heifers that are still on their mothers and will not be weaned at point of delivery. Very quiet docile heifers sired by Boonarkham angus/ black simmy bulls, very well known stud in the Adelaide hills. These heifers will present in forward store to forward condition and will make an ideal line of future breeders for any operation.
