|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Assessor Comments      | A quality line of females joined 3/9/24 - 4/11/24. Preg tested by a VET in calf on 17/12/24 (outside auctions plus 3 month guid lines to be called PTIC). Heifers are Kelso bred, from very notable bloodlines. these females are of very high quality, and will not disappoint. 3 heifers with a light splash of white on the underbelly, 3 with light old scarred eyes, not detrimental. A very high quality line of Breeding females to suit any herd or breeding operation. |
