Heifers were a pleasure to work through the yards with the odd heifer stirring up in the crush but when returned to the mob was fine.

Assessor Comments	A neat 3 decks of Droughtmaster & Droughtmaster cross heifers for your competition. All the hard work is done & they are ready for your advantage. There are 30 vendor bred heifers in the mob with the balance purchased from Emerald saleyards. The heifers were originally locally bred in the lighter country by reputable graziers & are known for performing well. Majority of these heifers are flat backs & have been performing very well after late January rain, which they are continuing to power ahead for your benefit. Being majority flat backs these heifers would suit a wide range of feeder markets or meat works heifers.
