	Hweifers were mostly well handled, the odd heifer was unsettled when being weighed and had a little bit of run when moving through gates. Cattle handled well when in larger yard.		
Handled With	Dogs , On foot , Vehicles		
Assessor Comments	Te Mania blood Angus heifers weighing 366kg after a 3-hour curfew (305-461kg) with a large tail being removed from the		

line. These heifers have been running on agistment at Young and have improved dramatically since being sent at the end of last year after a failed spring in the Colac region. Good quality heifers to turnover quickly as heavy feeders/ kill cattle or to go into a breeding program. Cattle are NSM and no bulls are on the property. Please note; vendor also has another line of 30 steers in this sale.
