Handled With	Terrific line of heifers to handle, worked through the assessment process easily with a very odd heifer getting slightly agitated in the crush but settling very quickly on release. Well handled and managed cattle. Bikes , On foot , Vehicles	
Notable Traits	Traits 11 Head Pinkeye scar - small dot on eye 3 Head Pinkeye scar (thumbnail size) 5 Head White on Udder/Flank	
Assessor Comments	Tops of the Drop Angus Heifers - Great opportunity to secure a B Double of quality future breeders with many decades of breeding behind them bred out of an excellent cow herd carrying Dunoon and Glenruben genetics. Heifers with all the potential to join and retain or market as ptic future top end breeders or carry them through to heavy kill cattle. Bred out of an excellent cow herd utilising quality genetics for decades, these heifers are well handled and were a pleasure to assess for both temperament and eye appeal, buyers will not be disappointed. Heifers show excellent weight for age in what has been a tough season in the southern parts of NSW with these heifers only being offered to make room for core breeders.
