Assessor Comments	Quality. Quality. Quality. On offer is an outstanding opportunity to purchase a quality line of AI bred Angus heifers bred out of very large frame cows. These lovely soft, deep, framey heifers are in prime condition weighing 480 kg. Testament to the breeding in these heifers they are only 13-14 months at that weight, only off grass. These truly are front paddock heifers that are soon ready for the bull and will grow into beautiful large future breeders. Sired by AI Bull Myers Fair N-Square M39 and Angus Bull Banquet R032 out of large frame Angus cows Banquet, Milla Murra, and Anvil blood. They have had all their health treatments and definitely no bull near them. These are the tops of the drop that were retained. Quality Future breeders that vendor has put a lot of time into breeding and feeding them, reluctant sale only being offered due to property sale. Vendor is offering a heifer bull in stud sale also.
