| Assessor Comments                     | Good draft of 30 Angus steers. Mid September- October 23 drop. Vendor bred, Grass fed and Antibiotic free. Out of a quality self replacing herd of cows sired by Alpine, Ardrossan and Jade park Bulls. Accredited for JBS and Teys grass programs. These steers would normally be retained by the vendor and sold with a spring under their belt but due to ongoing dry upper Murray conditions the decision has been made to move them on. Ideal cattle to grain feed straight away or grass finish. |  |
