Assessor Comments Stump Hill is selling its annual draft of 2024 drop spring weaners. These steers are Pure Temania Blood and have exceptional growth for age. They have great bone and shape and will excel into excellent feeder strs, or bullocks given the right nutritional plan. Stump Hill select their sires on high 400- and 600-day weight along with selecting for a higher end

	IMF. They have been yard weaned onto excellent quality silage and are now running on dried improved pastures with additional silage. These Calves have an excellent temperament and were a pleasure to assess.
