Good cows to handle in general well work with and flow through yards, obviously small percentage will look for an exit or gate to run through. 2x noted to be stirry in crush but settled down when released back to mob. To be handled with care by persons with prior stock knowledge

Assessor Comments	82 x 82 NSM Brahman X Composite Cows & Calves, Younger Middle age cows #0's, 1's & 2 Brand with Te- Mania sired calves at foot. Calves Avg 110 kgs with a split of 43 Steers & 40 Heifers in fresh condition. Mothers are doing a great job for majority calves between 80-130kgs a good style calf for all markets and a quiet deposition. Mothers were relatively good to handle with a small percentage becoming stirry under pressure but calmed down when released to mob. Buyers note 3 cows with no tails and fly scarring around eyes, vendor treated C +C with Swish at assessment. Buyers a great opportunity to secure young cows in their prime with plenty of compenstory gain to be had within cow and calf.
