Assessor Comments	An opportunity presents to purchase a very nice line of EU early Spring Calving PTIC Angus Heifers off Mintor Beef, a highly regarded and well renowned herd within the local district. These females are 100% usually retained within the herd however only selling due to ongoing dry seasonal conditions. Mintor Beef are a very highly reputable Angus Herd and are so by continuing to purchase high indexing, Table Top Angus sires, targeting Bulls with strong maternal traits, top 400&600DW & +3IMF figures being the key focus, often securing the top sale bulls annually. Fertility has been paramount throughout there breeding program for many years now as you'll see there is only a 5 week joining on these females, been 45 of the 52 calving in the first 3 weeks from July 10th and 7 to calve 30th July for 2 weeks, all naturally joined too LBW Table Top Angus bulls and all identified with management tags. These Heifers are a real credit to the vendor and would suit the most discerning buyer.
