Assessor Comments	Well bred Angus Cows & Calves. These Cows are 8-9 years old, a mixture of AI bred by Vendor and direct from Dance Angus Stud. Calves are sired by a Lawson Angus Bull VLYQ6164 and are from 2 weeks to 8 weeks old. Cows have received their treatments of ViT AD&E and drench at assessment. Calves were tagged, marked, vaccinated, drenched, Vit ADE and Multimin at assessment. Vendor has made the decision to switch from Autumn calving to Spring calving, regretfully offering these proven breeders up for sale. These cows present an opportunity to add quality genetics and proven breeders to an existing herd or provide an excellent start to any program or trade.
