Assessor Comments	COMPLETE DROP of vendor bred poll merino ewe lambs that present in plain store condition having come off dry pastoral grazing conditions North of Pt Augusta. These lambs, although light in condition are well bred with vendor purchasing quality stud bred sires from Kelvale Poll Merino stud each year. These ewe lambs are only for sale due to ongoing dry feed conditions and stock water issues. These lambs have the right genetics to grow into solid medium frame future breeders and with the right feed and time offer the astute purchaser the option of a quality line of breeders to keep or sell into a strong breeder market into the future. Please note Vendor has 2 other lots for sale in same sale, 2 x 400 tops of ewe lambs and 1 lot in the sheep sale, 460 blue tag year older ewes scanned undetectable.
