6

Vendor Comments

From the core of the Crescent Nine herd, these females are only up for sale as we need to make room for our new genetic introduction into the herd. Packed with breeding including sires from Mandayen, Flemington and Birubi studs.

	Quiet: 2 head	Quiet: 2 head	Temperament not assessed in Paddock
	Very quiet to handle.		
Handled With	Bikes , Dogs , Horses , On foot		
Assessor Comments	A rare opportunity to secure quality registered females with plenty of power in their pedigree, on account of Crescent Nine Limousin Stud. The Crescent Nine females display outstanding quality both genetically and phenotypically. The females display the renowned Limousin traits of muscling, meat yield and weight for age, while also displaying softness and bone. Vendor maintains a commercial focus within the herd to uphold fertility, functionality, and a quiet temperament. These females are on offer due to no fault of their own and are only available due to a change of breeding direction, therefore a genuine Limousin stud herd reduction. An opportunity to secure some rare genetics in these 3 in 1 packages! See video and photos for further description and pedigrees.
