Assessor Comments	A handy line of XBred cows with majority of the mob Ex Nyngan, purchased off AuctionsPlus in 2023. Cows are a genuine sale as the property has been sold. These cows have been honest breeders the the vendor in this time. Cows have been running on undulating traprock country, so should have the ability to perform in most types of country. These cows would suit potential buyers looking for a trade, or anyone looking to replenish breeder numbers. Please note that the odd cow has an old hip injury or slight dog bite not deemed detrimental at assessment and a sample were mouthed with a small number showing worn teeth. This lot were station preg tested by Keiran Ried with the majority found to be in calf. However, they are not being sold PTIC so no pregnancy terms will apply. Please note the vendor has 3 other lots in the same sale.
