Assessor Comments	A nice tidy line of vendor bred young Droughtmaster X cows with plenty of life ahead of them. Cows are only for sale due to the sale of the property. These cows have been good honest young breeders, that have been running on undulating traprock country, so should have the ability to perform in most types of country. These young breeds would definitely suit anyone looking to replenish their breeder herd. This lot were station preg tested by Keiran Ried with the majority found to be in calf, however they are not being sold PTIC so no pregnancy terms will apply.
