	While these heifers have not been over-handled, they move freely through the yards. Predominantly managed with horses and dogs, they are respectful and easy to handle.			
Handled With	Bikes , Dogs , Horses , On foot , Vehicles			
Notable Traits	Traits 1 Head Small white flank - photo attached			
Assessor Comments	25 Top-Quality PTIC Heifers An excellent opportunity to purchase vendor-bred heifers that tick all the boxes: proven genetics, quiet temperament, a short joining period, and spring calving (due July/August). These heifers are up to date with all animal health treatments, including drench, 7-in-1 vaccination, and two doses for Pestivirus. A small presence of buffalo fly was observed, though no irritation was noted. Heifers averaged 491kg at assessment following an overnight wet curfew. These heifers will be an asset to any breeding operation.
