Assessor Comments: An outstanding line of very well grown, NSM Angus heifers, MUNDARRA blood, 29-30 months of age, on their first calf. Heifers were purchased as a line of one-mark PTIC heifers ex AuctionsPlus, & have been mothered into 2 even lots of 24 x 24 heifer & calf units, offering a great opportunity to secure a large line of one-mark breeders. Heifers present as good, to mostly large-frame & are producing plentiful milk, which is nourishing an even & very attractive line of marked & vaccinated ARISTOCRAT ANGUS sired calves at foot, which are showcasing very good early growth rates. Presenting in forward to prime condition, these heifers were observed to be 'bullying-up' at assessment, & are ready to be re-joined at any time the purchaser desires. A great opportunity to secure exceptional quality young breeders with marked calves at foot (displaying very good muscling) & a lifetime of production ahead of them. Another line of 24 x 24 (same description) first-calvers also on offer this sale.
