	Excellent cows to handle. Worked through yards with absolutely no fuss. Obviously have been handle well throughout their lives, no trouble here		
Handled With	Bikes , On foot , Vehicles		
Assessor Comments	A very nice mob of Angus x Angus cows. Purchased ex Balarang station as heifers with their first calf at foot and have been good solid performers since. Now as 4 year old cows in the prime of their life they are preg tested back up to the Yamba Angus sire due to calve from the start of July through to mid September. Great cows to handle as is the entirety of the Beaumah herd in this dispersal. Only being sold due to a change in business direction these are Angus cows that would fit into almost any program and will not disappoint
