Assessor Comments	An Extremely well bred small line of Angus Cows & Calves. These cows are by Millah Murrah sires and Calves by Trio Holbrook T95. These young females are raising their 3rd calf and are entering the prime of their lives. Cows have been grazing on short improved pastures and supplemented with Lucerne Hay and will present in Store to Forward Store condition. These units would make an ideal addition to any herd and with their excellent temperament would suit a stock person of any experience. It was intended these cows were to be retained with in the herd and have been recently freeze branded to suit as well as being drenched and vaccinated to suit the herd. Being sold due to the seasonal conditions heading into long Tablelands winter.
