|---|---|
| Assessor Comments | A nice line of young Angus cows in store to forward store condition coming into their prime breeding years. These cows were purchased as weaners with a select eye to remain the heart of the herd for many years however the deteriorating season sees them on the market. These cows are of medium to large frame and although not much condition they are fit and healthy. Preg tested in calf to Bongongo Angus bull for an August/September calving these cows will be a welcome addition to the successful purchaser. |
