	Very easy to run through good yards, just the odd tail swish in the weighbox, but no problem at all with a stranger walking amongst them taking photos.

Assessor Comments	This lot of 25 medium to large Angus cows with calves at foot, are one of three lots presented for sale by the vendor. The other 2 lots are of 28 and 22 head, meaning a successful buyer could put together 75 two to five year old cows with calves at foot. Well bred and well handled, these cows have done well to keep their condition under very trying local circumstances. The vendors are reluctantly selling to reduce pressure into winter and to simplify their operation, the cows are by no means culls.
