Honest station bred cows that were identified at preg testing as the later calvers in the herd. Only being sold due to deteriorating season. There were 9 cows missing an age tag at assessment and were either 6 tooth or solid full mouth. The breakup of the balance as follows - 2 red 2022, 38 yellow 2021, 4 purple 2020, 10 green 2019 Odd white udder, also approximately 5 cows with old pinkeye scarring, not detrimental.
