Assessor Comments	The Landale's are offering 20 PTIC, 3 year old 2nd calving Angus cows. These cows are joined to top Rennylea Angus bulls and were all foetal aged at original preg testing to calve in the second four weeks of the joining window, due to TCC late August. Young females that have all reared calves last year and are only been offered due to such a tough season locally. Great young cows that have already proven themselves, with many productive years in front of them. Please note: Vendor is also offering 33 PTIC cows that all joined in the first four weeks of joining in the same sale. A great trade in opportunity with such a buoyant cow market.
