	All cows were very well mannered in the yards, brought up by a single handler. A few showing some stubbornness going in the force as their last visit was for preg testing. All quickly gave up, and led in well. A few pushing and showing some anxious behaviour on the scales, dropping on their knees in front, then standing up and exiting quietly, at a walk. All settling well in the yards, and quietly exiting in to the holding paddock for photos/videos.

Assessor Comments	Good line of store condition, proven, productive mothers. Only offered for sale due to the tightness of the season in the Upper Murray. Cows that have been consistent, reliable breeders producing a good, fresh, forward weaner every year with excellent weight for age. These low maintenance breeders would be the ideal article to calve down in the early Spring and appreciate their split value in a buoyant cow market.
