Quiet: 32 head Slightly Stirry: 12 head	Quiet: 40 head Slightly Stirry: 4 head	Temperament not assessed in Paddock

All cows were drafted off from their calves by one handler & one gate man. Brought up from the back yards and into the force/race by a single handler. Self fed up the race and walked on the scales quietly, all exiting at a walk. Let out into the holding paddock for photos and all were calm and easy to approach on foot, none showing any anxious behaviour, just a few trotting past when funnelled along the fence for the video.

Assessor Comments	Genetically top shelf breeders. All by Te Mania Angus Stud Bulls, Selecting top end sires for natural joining, securing bulls for phenotype, that support an IMF figure of 5.2 or higher. These sound, proven, mature aged mums have remained in the heavily classed herd by displaying good fertility & sound structure, presenting an opportunity to introduce some exceptional genetics in to your herd, with the bonus of 19 Heifer calves to pick & choose your future breeders from. Calves are all fresh, healthy and have never missed a feed or look to have had a hard day. Alternatively, these units present an excellent split opportunity come the Spring time. With a store cow to fatten in a buoyant cow market, and a pure Te Mania blood calf to sell down the track. A very good lot of units with multiple marketing avenues.
