Assessor Comments

Offering a nice line of Dunoon blood Angus heifers with their first calf at foot sired by Jade Park Angus bulls. These heifers were purchased out of Euroa weaner sale as Vendor bred Verge Pastoral heifers, they are good to handle and worked through the yards well at assessment. They are putting everything into their calves while enduring a tough season and when given the opportunity to feed they have the body and structure to continue to bloom into quality breeders. Buyers please note these heifers have plenty of room for growth being only rising 2 year olds. All heifers received a drench and multimin in February and the calves have been marked for buyers convenience.
