Assessor Comments	An opportunity to buy a neat B double load of Angus PTIC heifers. Due to commence calving the 1st of August for 8 weeks to the Stoney Point LBW bull. These females are the top out of 200 heifers and are regretfully being sold due to dry seasonal conditions. These heifers have years of breeding behind them and will flourish with feed in front of them. The Little family have a very highly reputable Angus herd and these heifers would be a welcome addition to any herd
