Heifers were a pleasure to handle through yards and race at assessment. Odd heifer would stirr in race and crush however settle with ease once back in the mob.

Handled With: Bikes , Horses , Vehicles

Assessor Comments: 85 VGQ Charolais and Charbray weaners heifers, these heifers would be ideal future breeders and let them grow into large framed feeder and slaughter market heifers. At assessment heifers weighed from 195-375kg to ave. 277kg. The large majority of these heifers were weaned in September 24, with a small % just being weaned on 3.05.25. They were good to handle through the yards and race at assessment. Ideal heifers to grow out and join to a bull or your choice or simply tke through to feeder or slaughter markets. 1 heifer with slight blue eye at assessment, mostly tidy around the heads with a small % of heifers with weaner horn. Please note vendor has 115 steers in the same sale. Video contains footage of steers and heifers.
