Assessor Comments	A good line of Predominately Angus unweaned heifers. During assessment, weaners flowed well through the yards with a quiet temperament. These weaners are out of moderate to large-framed Angus and Angus/Shorthorn cows by a Bridgewater and Benbookra Angus bull. A group of well-bodied females that should grow out to make future breeders. Alternatively, could be put onto winter crop and be carried out to a feedlot heifer weight or a quality kill carcass. NOTE: Unweaned heifers of similar breeding and location are also presented in sale under J E Miller.
