Assessor Comments	**FUTURE BREEDERS/BACKGROUNDERS LOOK ON** A quality large line of 150 Angus X Angus Heifers - being offered in a line of 90 (3 decks) & a line 60 (2 decks); run out the gate. Cattle averaged 324kg at assessment; all individually		

weighed 280 - 350kg. Heifers present in store, to forward store condition. These heifers have plenty of frame and stretch, whilst maintaining great feminine characteristics. Cattle were purchased ex Southern NSW & VIC as weaners and have performed well over the past 4 months. These heifers are "on the do" and would suit anyone looking for future breeders, as well as those looking to take advantage of the season in the North with cattle ready to grow out and on-sell. These heifers have had NO access to any bulls or stags. An opportunity presents itself here to buy a quality line of Angus Hfrs! (Note: Very odd heifer with warts on nose & few heifers with a slight old blue eye scarring, not considered detrimental)
