Assessor Comments	Buyers, to be offered for sale are 80 Angus Yearling Steers. These Steers were each individually weighed and drafted at 340+Kg at assessment and have averaged 362.3Kg with a tail removed. These steers were purchased off reputable breeders out of the Hamilton Weaner sale with the intention of growing out into heavy feeder cattle. However, due to the dry autumn conditions they are on the market as a perfect B Double load of Backgrounder Angus Steers. A tight weight range of 340Kg-403Kg, these steers display a medium to large frame and are in ideal forward store condition. They have been vaccinated 2x 5 in 1 and drenched most recently at assessment with Cattle Guard Pour On. A great opportunity to purchase a tight, even line of Angus Steers that are ready to bounce rapidly on good productive feed. These cattle will not take long to finish into heavy feeder weights or fat kill bodies.
