Vendor Comments: Sale of Weaned Angus Steers with a tail removed. Would normally grow out to heavy feeder steers with repeat buyers but due to seasonal conditions have decided to sell as weaners!!

	A mile of time and effort is put into these steers at weaning and it shows. Steers handled very well and have been tailed out with horses, dogs and bikes everyday through weaning. They have been trained through yards and race. The temperament of these steers made assessing an easy process

Assessor Comments	Buyers a rare opportunity to buy a neat B Double load of Angus Weaned Steers A/C Chesney Pastoral Co with 240 steers on offer over 2 lots with an even run out the gate!! These steers are from Alloura and Gilmandyke bloodlines. Av 305kgs and all weighed out from 270-340kg to give the buyer a nice tight weigh bracket. Steers having very good frame and length they will grow into ideal feeders or grow out to heavy kill weights. These steers are normally retained and grown out to feeders with very good reputation from feedlots. Would be very hard pressed to find a neater line of steers of this quality. Steers that come with the highest recommendations. Buyers please note a small % of Slight blue eyes but all deemed to be feedlot acceptable, small amounts of ringworm but not deemed detrimental
