Emphasis on temperament. These Heifers have been handled extremely well with low stress practises. Walked very well through yards, race and crush. Please see video for reference.

Handled With	Bikes , On foot , Vehicles
Assessor Comments	Extremely well-bred Angus Heifers, (non-retained) out of well-bred Cows, by stud Hazeldean & Alloura bulls. These Heifers are normally retained into herd program, with some being for a grass fed kill program and usually taken out to 600kg for slaughter at approx. 18 months of age, though this year are regrettably being sold due to dry seasonal conditions. These calves are extremely well handled, with emphasis on temperament and are yard weaned and up to date with animal health treatments. During the weaning process over 10 days calves were moved through yards and fed ryegrass and oaten silage and returned to paddock. Please note: Heifers are within a withholding, odd heifer with white under belly & Vendor has one other lot in sale.
