Handled With	Good and quiet to handle, she has been milked regularly Bikes , On foot , Vehicles		
Assessor Comments	Buyers a very good sound and quiet house cow. Only on her 5th calf she has a lot of life left in front of her. She has been regularly milked for personal use and only ever been on pasture to increase longevity and natural milk for consumption. She is sound in the frame, feet and udder and would suit anyone looking for a good quiet house cow or future foster cow for several calves.
