Assessor Comments	Buyers, an attractive line of young 1st calf heifers all PTIC 4-5 months to Angus bulls. Heifers are in good condition and are extremely quiet. These will suit a restocker looking to secure additional young breeders to replenish a herd or make a great start up herd for someone wishing to break into the Angus breed. Heifers show plenty of quality. Please note there are 72 heifers all up that are pregnancy tested in calf in the sale. Also an additional lot of 28 empty heifers as well.
