Assessor Comments	A nice line of predominately vendor bred young cows with plenty of life ahead of them. Cows are only for sale due to the sale of the property. These young cows have been good honest young breeders, running on undulating traprock country, so should have the ability to perform in most types of country. These young cows would definitely suit anyone looking to replenish their breeder herd. This lot were station preg tested by Keiran Ried with the majority found to be in calf, however, they are not being sold PTIC so no pregnancy terms will apply. Please note the vendor has 3 other lots in the same sale.
