	A very good mob of heifers to handle, have been well educated both in paddock and yards.
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Horses
Assessor Comments	A good line of 90 either feeder or breeder quality heifers that are in very healthy condition and ready to take to the next level. The heifers had a 16 week joining and this mob were not detectable pregnant on the 9th of May when pregtested by the vendor. The heifers averaged 363kg after a 5% curfew when weighed after being mustered and in yards 5 hours prior to weighing. They are predominantly Angus & Ultra Black cross with a percentage of Charolais types through the mob. There a limited few showing the more Brahman traits in the mob. The vendor also has 4 decks of the brothers in the same sale.
