Assessor Comments	Buyers, an opportunity to secure 32 Red females that have a reputation for performance, fertility and functionality. These females are bred from quality large frame Droughtmaster cows that have many generations of leading Droughtmaster genetics. They are sired by top quality bulls that were selected for structure, fertility & temperament. These heifers had a live weight range of 380kg - 510kg at assessment and will have a delivery weight of 408kg They are well grown females that have plenty of length, femininity & softness. Majority polled or polled scurred females with only 8 being horned. The Denby cattle also have a solid reputation for performance & grading on grass & grain grids. They are TEYS GRASSLANDS ACCREDITED & have had 7 in 1 booster needle and three germ blood. Vendor has another two deck lot of Angus cross heifers in same sale
