Assessor Comments	Here presents a line of Angus x Angus weaned steers. These steers present in forward store condition and are really on the do. Steers are bred from some exceptional bred females that were purchased last year and are pure Team Te Mania bloodline, they are from a generational AI herd Wave Hill SW Victoria. These steers are out of females sired by Te Mania Legend, Quebec, Qubic, Metoer & Nebo and are sired by Te Mania Rocco, Rambo & Savoy. Given the breeding these steers would perform for any backgrounder and would be ideal to take out to export weights. Steers have a strong reputation with previous feed lotters for performance. Steers were weaned early and have performed well already. Buyers, please note 9 steers have old pink eye scarring in one eye but doesn't affect their sight in any way. Buyers please also note 4 steers had white on cod.
