Assessor Comments	Buyers a rare opportunity to buy a neat B Double load of Angus Weaned Heifers A/C Chesney Pastoral Co. These Heifers are from Alloura and Gilmandyke bloodlines. Av 274kgs and all weighed out from 250-331kg to give the buyer a nice tight weigh bracket. Heifers having very good frame and length they will grow into ideal future breeders with the Chesney Herd always exhibit very good milk, structure, type and fertility. These heifers have also been grown out to feeders or if the seasonal conditions are favourable to very neat supermarket kill weights. Would be very hard pressed to find a neater line of heifers of this quality. Heifers that come with the highest recommendations. Buyers please note a small % of ringworm but not deemed detrimental.
