One word - excellent. The yard weaning and training provided really shows through. A pleasure to handle. Cattle you could send anywhere with confidence

Handled With Bikes , Dogs , On foot , Vehicles

Assessor Comments A rare opportunity to purchase the McKay steers as weaners. Generally have been held through until high end feeders every year, due to the tight season being experienced they are on their way this year as a weaner. By some of the very best Karoo bulls and with a background of the same back through the herd for many, many years they just don't come any better. Displaying great frame thickness and trueness of type . Unfortunately only in a two deck consignment but happy to work in if you are putting a full three deck load together. You can buy with confidence here every box ticked
